Introduction - Child Protection Policy

Samabhavana Society is committed to the well-being of the children it serves. One of the core values of the organization embraces the “intrinsic worth of each child.” The Mission refers to creating “...an environment of hope and respect for needy children...”

SAMABHAVANA SOCIETY strives to create positive environments in which children grow up amidst respect, hope and social justice. Recognizing the inherent worth of each child, SAMABHAVANA SOCIETY accepts its responsibilities to protect children from harm, to promote children’s rights and to ensure children’s healthy development.

The agency continually examines, develops and implements standards and programs designed to protect children from abuse, neglect, harassment and exploitation by staff, sponsors and others with whom they have contact.

This Child Protection Policy document is composed of two parts. The first part is the organization **Policy**. The second part is the **Standards** section, which has six sub-sections:

- Organization Awareness & Advocacy
- Recruiting and Screening of Personnel
- Program Planning
- Sponsorship
- Regional Training and Support
- Allegation and Incident Management

SAMABHAVANA SOCIETY is committed to a culture that empowers beneficiaries to be knowledgeable of their rights, to know what is acceptable and unacceptable, and to know what to do when there are problems.

At the center of a child safe organization is commitment that it will work aggressively so that its Code of Conduct becomes a way of life for all - the children, families, communities and staff. Child Protection - our culture - our responsibility.

1.0 Child Protection Policy for SAMABHAVANA SOCIETY Programs

Framed on the basis of the U. N. Convention on the Rights of the Child, SAMABHAVANA SOCIETY's work to promote children's holistic development aims to strengthen family and community systems that support child protection and well-being. Consistent with its mission, SAMABHAVANA SOCIETY strives to promote children's best interests and create positive environments in which children grow up amidst respect, hope, and social justice. Recognizing the inherent worth of each child, SAMABHAVANA SOCIETY accepts its responsibilities to protect children from harm, to promote children's rights, and to ensure children's healthy development. Since SAMABHAVANA SOCIETY works in situations that present serious physical, emotional, and social risks to children's well-being and that involve unequal power relations, it is vital to define clearly SAMABHAVANA SOCIETY's commitments to child protection. Through this policy, SAMABHAVANA SOCIETY defines its Code of Conduct to which all SAMABHAVANA SOCIETY staff and volunteer workers (SAMABHAVANA SOCIETY staff, board members, volunteers, interns, contractors, affiliated entity staff) in partner communities must adhere.

SAMABHAVANA SOCIETY recognizes that each country has its own legal systems. The policy and standards must be interpreted and enforced in accordance with local law. There may be instances where the policy and standards are more stringent than local law.

SAMABHAVANA SOCIETY is committed to a culture that empowers beneficiaries to be knowledgeable of their rights, to know what is acceptable and unacceptable, and to know what to do when there are problems.

Sexual Exploitation

Definition: Sexual exploitation consists of misusing a position of power to pressure or demand others to provide sexual favors.

Policies:

Sexual exploitation and abuse by humanitarian workers constitute acts of gross misconduct and are therefore grounds for termination of employment.

Sexual activity with children (persons under the age of 18) is prohibited regardless of the age of majority or age of consent locally. Mistaken belief in the age of a child is not a defense.

Exchange of money, employment, goods, or services for sex, including sexual favors or other forms of humiliating, degrading or exploitative behavior is prohibited. This includes exchange of assistance that is due to beneficiaries.

Sexual relationships between humanitarian workers and beneficiaries are strongly discouraged since they are based on inherently unequal power dynamics. Such relationships undermine the credibility and integrity of humanitarian aid work.

Where a humanitarian worker develops concerns or suspicions regarding sexual abuse or exploitation by a fellow worker, whether in the same agency or not, s/he must report such concerns via established agency reporting mechanisms.

Humanitarian workers are obliged to create and maintain an environment, which prevents sexual exploitation and abuse and promotes the implementation of their code of conduct. Managers at all levels have particular responsibilities to support and develop systems that maintain this environment.

Prostitution and Sex Trafficking

Definition: Prostitution consists of providing sexual favors or activity in exchange for money or other economic gain. SAMABHAVANA SOCIETY follows the definition of sex trafficking outlined in the UN Protocol to Prevent, Suppress and Punish Trafficking in Persons, which prohibits the recruitment, transportation, transfer, harboring, or receipt of persons, sale, or transfer of person for purposes of commercial exploitation, including sexual exploitation.

Policy:

SAMABHAVANA SOCIETY opposes prostitution, sex trafficking, and other forms of trafficking in persons.

Child Abuse, Neglect and Safety

Definition: Child abuse consists of children's exposure to situations that cause children harm, usually as the result of the failure of the parent or caretaker to insure a reasonable standard of care and protection. Abuse may be physical, sexual, or emotional harm resulting from the actions of the parent or caretaker. Staff will report alleged violations to these staff "Point Persons" who, in turn, will report alleged violations simultaneously to the Secretary & E.O or the President. If the Secretary is under suspicion of violation the point persons will report to the President. If a person knowingly chooses not to report an incident, then s/he will be removed from any association with SAMABHAVANA SOCIETY. Anyone found in violation of the Code of Conduct will be subject to appropriate disciplinary action up to and including dismissal from employment.

2.0 Child Protection Standards

2.1 Organizational Awareness & Advocacy

Awareness:

Management will ensure that each SAMABHAVANA SOCIETY staff member shall sign a written statement indicating that s/he understands and will abide by the Code of Conduct.

All SAMABHAVANA SOCIETY representatives who have contact with children, or sensitive information about children, are to be informed of the organization's Child Protection Policy and are to be made aware that they are expected to comply with such policies and standards. Agency staff members are required to acknowledge receipt and understanding of the agency's policies and standards.

Child protection awareness will be included in hiring, orientation and training at headquarters, Country Offices and affiliated entities. Employee handbooks will include a section on child protection awareness. For those individuals having direct contact with children, additional training may be provided.

Advocacy:

SAMABHAVANA SOCIETY endorses the United Nations Convention on the Rights of the Child (see chapter 2 - Advocacy for Children's Rights). The agency encourages its Offices to collaborate with governmental organizations, child care organizations and other professional agencies to promote children's rights, raise awareness of the plight of children and seek public policy changes where necessary. Increased awareness ensures staff and donors are sensitized to issues negatively affecting children. Increased awareness leads to actions that minimize or prevent risks for children.

SAMABHAVANA SOCIETY believes that one of the greatest defenses against child abuse and neglect is a raised consciousness, among children and families, of children's rights and therefore of adult behaviors which are unacceptable. SAMABHAVANA SOCIETY's promotion of community cohesion and child rights through parent bodies, youth groups, children's councils, etc. creates an environment where strong community feedback and protection mechanisms are central.

2.2 Recruiting and Screening of Personnel

A critical part of SAMABHAVANA SOCIETY's commitment to the protection of the children it serves requires that staff be aware of and meet basic requirements of employment, including those requirements related to child protection.

2.2.1 Prospective Representatives of Christian Children's Fund

Prospective employees, Board of Director candidates, advisory council candidates, volunteers, interns, and contracted consultants who will be visiting or working with SAMABHAVANA SOCIETY affiliated entities and children, are informed of SAMABHAVANA SOCIETY's Child Protection Policy during the recruiting and hiring processes.

2.2.2 Criminal Background Record Check

SAMABHAVANA SOCIETY reserves the right to perform a criminal background check on current or prospective employees and others seeking contract or affiliation with the agency. SAMABHAVANA SOCIETY notifies current and prospective employees of this policy. In the best interests of children, SAMABHAVANA SOCIETY will not knowingly employ anyone with a conviction for child abuse, pedophilia or a related offense. In the event that local law prohibits this hiring rule, no person with a conviction for child abuse, pedophilia or a related offense may be hired into any position that includes direct access to children or personal information about children. SAMABHAVANA SOCIETY will make every reasonable effort to protect children in this regard by implementing effective procedures (including criminal background checks and/or reference checks when deemed appropriate).

2.3 Program Planning

Children are considered active participants in their own protection. SAMABHAVANA SOCIETY programs will give them a voice and provide them with skills for protecting themselves. However, the primary responsibility for the protection of children lies with the parents and other adults within the community. SAMABHAVANA SOCIETY program planning will include child protection as one of the primary concerns and objectives of the Head Office's plans.

Another integral part of program planning includes ongoing assessments of children's circumstances and needs. Where relevant, plans will include working with communities, local agencies, governments, etc. to reduce the risks of and respond to abuse, neglect and exploitation facing children.

2.4 Sponsorship

Sponsors and their sponsored children have wonderful opportunities to establish rewarding relationship among themselves. To ensure relationships are appropriate, various safeguards and procedures have been established.

Communication with sponsored children through the proper channels, such as e-mail, letter writing or personal visits, is encouraged. It has the potential of significantly impacting the development of the child/sponsor relationship and cultural education of the sponsor.

To protect both the sponsor and child/family, it is critical that policies and guidelines of child-sponsor communication be strictly followed. Inappropriate correspondence and/or contact will not be allowed. Failure to adhere to the guidelines may result in:

- cancellation of the sponsorship
- removal of the sponsor from SAMABHAVANA SOCIETY's accounts
- removal of the child/family from affiliated entity enrollment
- termination of employment of SAMABHAVANA SOCIETY staff
- removal of affiliated entity staff from affiliated entity activities
- closure of the affiliated entity

2.4.1 Correspondence

Correspondence through letter writing and/or e-mail offers opportunities for the sponsors and children to develop close relationships. Sponsors can demonstrate their care and support to their children by asking questions of the children, reinforcing their accomplishments and sharing their own lives.

Children and sponsors being served have the right to be secure from accidental or intentional abuse or inappropriate contact by a sponsor, a child or any other person associated with the organization.

All correspondence is reviewed by SAMABHAVANA SOCIETY staff before delivery to sponsors or children for appropriate content, cultural sensitivity and to ensure the confidentiality of the children and sponsors remains intact. In the event of inappropriate correspondence, SAMABHAVANA SOCIETY may terminate the sponsorship relationship. Addresses and contact information are never shared between sponsors and children. SAMABHAVANA SOCIETY is committed to the protection of all its children and sponsors.

E-mail between Children and Sponsors

Sponsors and children may not communicate directly with each other via e-mail. All e-mail communication must be sent through the appropriate Web-enabled process. SAMABHAVANA SOCIETY procedures provide certain edits and processes to ensure that the protection of the child and sponsor is considered to the highest extent possible.

These edits and processes may include, but not be limited to, validation of the sponsor/child link, text scans for inappropriate words and/or phrases, and a verification that the sponsor's name does not appear on a Sex Offender Registry.

A failure of the sponsor's or child's e-mail to meet the established protection edits will result in the e-mail being rejected and sent to/handled by the Samabhavana Board

Acceptable e-mails from sponsors will be delivered to the intended child through a printed copy. However, the sponsor's e-mail address will be rendered non-readable prior to delivery to the child. Acceptable e-mails from children will be delivered to intended sponsors in standard e-mail format. The actual sending e-mail address will not be shown when the e-mail is delivered.

Written Correspondence between Children and Sponsors

Occasionally, sponsors may request that correspondence exchange continue once the sponsorship relationship has ended. Samabhavana will not facilitate or promote the continued correspondence exchange.

In rare circumstances, when a long-term sponsor requests continuing correspondence with a child with whom s/he had a particularly close relationship and who is no longer enrolled in a SAMABHAVANA SOCIETY affiliated entity, the Country Office may approve the request. Sponsor requests that originate in Samabhavana branch office will be forwarded to the Head Office for request approval/denial. If the request is approved, the Head Office must make it clear to the former sponsor that it will not go to extreme measures to find the child, especially if the child/family has moved from the affiliated entity program area. Sponsor and child letters and e-mail will continue to be translated and edited by the Head Office for appropriateness.

Requests for continued correspondence once a sponsorship has ended that are initiated by the child or the child's family will not be considered/approved by Samabhavana.

2.4.2 Visits

Sponsor Visits to Children and SAMABHAVANA SOCIETY Offices

Sponsors are encouraged to develop a relationship with his/her child. Relationship building includes letter and e-mail correspondence as well as visits to the child's country. The sponsor is informed that if s/he wishes to visit the child, that s/he must telephone the Samabhavana Head office in Mumbai on +91 22 23080592/ 93 at least four months prior to the actual planned visit.

During the phone conversation, the Donor Services representative will review the purpose and plan "Planning a Visit to Your Sponsored Child" with the sponsor and obtain basic information about the trip. The sponsor will be advised that s/he must contact the Head Office immediately to finalize plans for the visit. The sponsor will be provided with information regarding the visit.

The agency reserves the right to screen sponsors (including criminal background checks) prior to field visits. If the agency deems a criminal background check necessary, the agency shall require permission from the sponsor to do a criminal background check prior to a field visit where permitted by local law. At the time of sponsorship, sponsors should be advised that the organization's policy prohibits unannounced visits. Prior to a visit, sponsors will be asked to acknowledge in writing or by phone that they have received and understand the visit policy.

When the sponsor first contacts SAMABHAVANA SOCIETY staff in the country, the SAMABHAVANA SOCIETY staff will review the information in the "Planning a Visit to Your Sponsored Child" with the sponsor. The sponsor must agree to all terms before the actual person-to-person visit begins. The Head Office staff must ensure that translation and transportation are available to the sponsor. A sponsor should be advised that reimbursement of expenses (transportation, etc.) incurred by the office during the visit is anticipated and appreciated.

All sponsor and child visits are to be carefully supervised by SAMABHAVANA SOCIETY Head Office staff. When and if approved, a SAMABHAVANA SOCIETY affiliated entity sponsorship program representative may substitute the Head Office staff in supervising the visit if and only if that person is trained in, is in full compliance with and has signed off on SAMABHAVANA SOCIETY's Child Protection Policy.

These visits should normally last no longer than one day, allowing time for the sponsor, child, and family members to spend time together, under the supervision of SAMABHAVANA SOCIETY staff or authorized affiliated representatives. When appropriate, the Head Office may extend the visit into a second day, but not longer, because of the monitoring burden that's placed on SAMABHAVANA SOCIETY staff/or affiliated entity staff. Under no circumstances will staff leave the child and parent/guardian alone with the sponsor at any time during the visit. Meetings will preferably occur in public places - Head Office, Branch office, school, restaurants, parks, playgrounds, etc.

SAMABHAVANA SOCIETY only permits visits to a child's home under exceptional circumstances (when requested by the sponsor and conditionally approved by the Head Office). The Head Office will only conditionally approve the request upon fulfillment of the normal sponsor visit protocols and if there is a special reason for the sponsor to visit the child's home, such as if the sponsor provided extra funding to construct the child's home.

In these cases the Head Office has the responsibility and the right to agree or disagree with the conditionally approved exception. If the Head Office disagrees with the exception, the visit to the child's home is not allowed. If the Head Office agrees with the exception, it has the responsibility to ensure that the visit is conducted under strict supervision and that the family and affiliate staff, have received clear instructions that the unannounced return of the sponsor to the affiliated

community or child's home must be immediately reported to the Head Office. As with all visits, the sponsor will be clearly informed by the Head Office that his/her presence in the affiliated community (and in this case the return to a child's home), unaccompanied by the authorized SAMABHAVANA SOCIETY or affiliate representative, is prohibited. Also, the sponsor may not spend the night at the child's home.

Actual or suspected cases of any abuse or inappropriate behavior by a visiting sponsor are to be reported immediately to in-country agency management. Appropriate action must be taken regarding the donor or sponsor, within the local context.

The affiliated sponsorship program must provide the SAMABHAVANA SOCIETY Country Office with a written report of every sponsor visit. A copy of the sponsor visit report should also be kept on file at the affiliated sponsorship program office.

Children Visits to the Sponsor's Residence

Children visiting sponsors in the sponsor's country/residence or any location outside of the child's local residence is strictly prohibited. In addition to the liability and risk of abuse, the child may be negatively impacted by the culture and material wealth of an environment outside his/her own experience.

The only exception to this policy is if the child is facing a life-threatening medical situation which cannot be treated in the child's own country. The emergency treatment available in another country may be arranged by SAMABHAVANA SOCIETY staff. The President of SAMABHAVANA SOCIETY must sign a release form to authorize the trip PRIOR to its actual occurrence.

2.4.3 Systems and Administration

Screening Sponsorships

Whenever a pre-sponsor is found to have a corrections facility address or is found to be known convict, the sponsorship will be denied. Additionally, the pre-sponsor's name will be marked in our database as undesirable to preclude him/her from sponsoring another child while incarcerated. Though donations will be accepted, sponsorship is not an option.

Marketing and Printed Materials

Paper and electronic information about enrolled children and families will be kept secured at all times. Information is limited to SAMABHAVANA SOCIETY individuals who require access to the information as part of their responsibilities (sponsorship, program, etc.) in the agency. When information must be purged/destroyed, it is done so in a secure manner.

Communications about children must use pictures and language that are decent and respectful.

A child's personal and physical information that could be used to identify the specific location of a child within a country is not used by the agency on web sites or other mass communications.

Sponsors are advised that child-specific information via the WEB is provided as a service and is not to be downloaded or redistributed to another site.

2.5 Regional Training and Support

Regional Representatives will ensure that all offices within their respective region have a copy of the SAMABHAVANA SOCIETY Child Protection Policy. Head Office directors will ensure that office staff and affiliated staff adhere to the policies and guidelines contained in the document.

In situations where local law is in conflict with the policy, the Secretary is responsible for bringing the situation to the Presidents attention and for ensuring that the exception is appropriately documented in the policy manual.

Offices may develop their own written procedures to ensure compliance with the Child Protection Policy. Offices within a region will work together to develop, document and implement regional, office staff and affiliated staff training related to the Child Protection Policy.

2.6 Allegation and Incident Management

Effective child protection policies have two parts. First, there must be an aggressive system of prevention through clear-cut expectations, effective hiring and training, top-level awareness, and good programming and sponsorship. Second, there must be a supportive system for allegation and incident management.

Development of an effective allegation and incident management system is critical to SAMABHAVANA SOCIETY's efforts to protect children from abuse and ensure due process for employees cited in an allegation. The management system provides for reporting, documenting, investigating and actions-taken as a result of an allegation and/or determination that child abuse has occurred.

Child abuse is "our worse fears realized." It is difficult to accept that child abuse may have occurred. There is denial. There is fear. All of these factors can lead to a potential of under-reporting which in turn leads to continued abuse. Therefore, the management system must encourage reporting by instilling trust in the involved parties.

2.6.1 Reporting

All SAMABHAVANA SOCIETY staff are required to report immediately to the designated Point Persons with any suspicions of violations of the Code of Conduct or child abuse. If a person knowingly chooses not to report an incident, then s/he will be removed from any association with SAMABHAVANA SOCIETY.

It is imperative that children and parents understand their responsibilities to report any concerns they may have regarding the safety of children.

Regardless of who is reporting an allegation (staff member, child, parent, etc.), the allegation must be reported directly to a SAMABHAVANA SOCIETY Point Person, who should provide details about what happened, including the date, location, and the name of the witness and transmit the report to the Secretary and the President within twenty-four hours. Procedures for reporting suspected cases of child abuse to external agencies are to follow local and national laws.

Confidentiality

It is essential to maintain the trust of the person reporting possible abuse. SAMABHAVANA SOCIETY staff must protect the gathered information with the greatest care. It may be that the person reporting the possible abuse does not want the information shared with others. All information gathered and developed is held in the strictest confidence and will be disclosed only on a need-to-know basis in order to report, investigate and resolve the matter.

In some cases, SAMABHAVANA SOCIETY may act against the wishes of the reporter in the best interests of the child and other children. This can be a very difficult situation and must be handled with the utmost care by SAMABHAVANA SOCIETY. It must be made clear to all concerned that information of this nature cannot be kept wholly confidential. Resolution requires sharing with the appropriate people in a confidential manner.

2.6.2 Investigation and Disposition of Incident

The Secretary is to follow established local procedures once an allegation has been reported and to insure that a confidential, thorough, timely and impartial investigation and resolution are performed. Procedural actions by the Secretary include, but are not limited to: acting immediately if there is risk to the child, performing an internal investigation (which may include interviews of witnesses and others), collecting factual information, gathering documentation, informing the President and the Board if applicable, and reporting the incident to external authorities as required by local laws.

A SAMABHAVANA SOCIETY employee who has been brought under investigation by the agency or by official law enforcement authorities for the abuse of a child will be temporarily suspended or have no access to children during the course of the investigation. The employee will be informed that allegations have been made against him/her and given an opportunity to respond.

The individual alleged to have violated this policy will have the opportunity to present his or her view of the events in question before any determination of guilt or innocence has been reached.

The investigation team will consider the incident top priority until the incident is closed. The team will develop a detailed written investigation plan based on established local procedures. Once the investigation is completed, a full written

report (findings, recommended actions) will be shared with/approved by the Secretary and President and Board (if appropriate). The regional representative will review approved report with appropriate legal counsel and the President of SAMABHAVANA SOCIETY before any actions are taken.

Following the completion of the investigation, both the person(s) bringing the allegation and the person(s) alleged of a violation will be informed of the results of the investigation.

Samabhavana reserves the right, in the event an employee is discharged for proven sexual abuse, to disclose such information if requested by a prospective employer. Disclosures shall be made in accordance with applicable local law and/or customs.
